

Agreement For Demonstration

North Texas Skeptics Paranormal Challenge

Peter Castillo
Chicago, IL 60652

This is an agreement between me and the underwriters of the North Texas Skeptics Paranormal Challenge. These underwriters will be referred to as Underwriters in the remainder of this document.

I agree to the following:

1. On 15 November 2008 I will provide a demonstration of paranormal abilities. A successful demonstration will require the Underwriters to conduct a formal test of my paranormal abilities, such successful test requiring the Underwriters to pay the award of \$12,000.
2. This agreement is between me and the Underwriters and does not involve the North Texas Skeptics and does not obligate that organization in any way.
3. I will not be compensated in any way by the Underwriters for my participation in this demonstration.
4. Both parties (I and the Underwriters) will be allowed to make public all or any part of the details of this demonstration and the results. Both parties will be allowed to make public all or any part of the correspondence related to this demonstration. Both parties will be allowed to obtain monetary profit from such publication.
5. John Blanton of Dallas, Texas, will manage this demonstration and will be the sole arbiter of a successful demonstration.
6. The demonstration proposal previously submitted by me will be amended, and the demonstration will be conducted as follows:

John Blanton, or a person designated by him, will be the Subject.

I will project my thoughts to the Subject, and the Subject will by this means learn which playing card face value I am projecting.

The playing card will be selected by an Assistant appointed by John Blanton. The Assistant will select the playing card by a random

process. This random process can possibly involve the Assistant's drawing a card from a deck.

The Assistant will record the card being projected, and will notify the Subject that a trial has started.

The Subject will determine by receiving my thoughts which card is being projected, and the Subject will record the face value of the card and will notify the Assistant that the trial has ended.

Recording of which card is projected for each trial will be by noting the card value on a paper form or by saving a card in an envelope. John Blanton will select the method used.

If the card selected by the Subject is the same as the card selected by the Assistant and projected by me, the trial will be recorded as a hit. Else, the trial will be recorded as a miss.

A session will comprise nine consecutive trials as just described. I must score four hits in each of 3 consecutive sessions for the demonstration to be considered successful.

7. I agree with all conditions of the demonstration, including any modifications or additions to the above made by John Blanton at the time of the demonstration. Nothing in the presence or absence of persons or the location and environment of the demonstration will interfere with a successful demonstration.

8. My signature below confirms my agreement to these conditions.

_____ 15 November 2008
